delivered by world class  
trained educators.**

## Director's Message

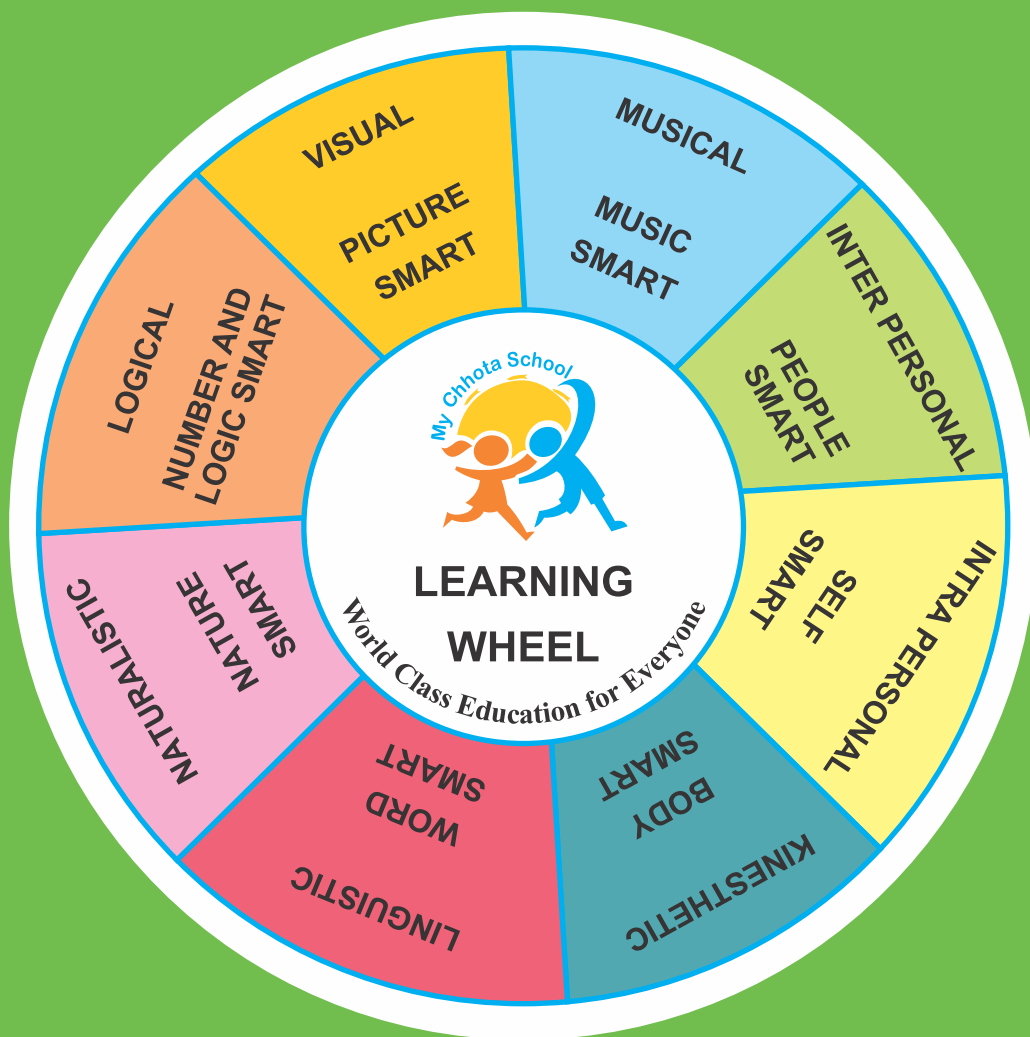

I wish to extend a warm welcome to our MCS Family. At MCS the uniqueness of each child is recognized, nurtured and treasured. Emphasis is on LEARNING and not on teaching. Our focus is to develop our children as global leaders, with tolerance, respect and appreciation of diverse cultures and religion for a life-time learning experience. They should be self-motivated, independent, confident decision makers to take leadership roles in future.

We at MCS provide holistic education where children evolve as individuals who are self-motivated and creative, who can think, question and reason out logically: who are independent, confident and leaders capable of taking decisions.

Warm Regards  
**Mr. Kshitiz Bhasin**

## **Partnering with My Chhota School**

At My Chhota School we believe that each child is born with a unique set of gift and talent And the role of education is to provide the environment to develop those talents.

We understand that in order for children to succeed in today's highly competitive and tech savvy world, they need a whole new set of learning and cognitive skills. Which is why we have developed the unique "My Chhota School " concept which ensures that our kids are self-assured, inquisitive, and better prepared for school and the life ahead. A concept that makes the entire early education process a child's play.
